Tenuta Carretta - Monserito | Gavi del Comune di Gavi DOCG Italy (PIEMONTE) — 2025

Domain

Tenuta Carretta

This domain has been owned by the Miroglio family since 1985 and also owns an industrial textile group.
Its surface covers 65 hectares and is part of an exceptional area declared a UNESCO World Heritage Site. The family also owns 2.6 hectares of vineyards on the prestigious Cannubi Hill (Barolo).
The name Carretta is derived from the word "car", which means stone. This has ensured that the name Carretta was given to the nearby chalk bank that lies on the surface near the entrance and extends no less than a kilometer far to the east.

Vinification

The wine is aged in stainless steel tanks for a minimum of six months. It is then bottled, where it completes its maturation with a further two months of bottle ageing.

Taste

The wine displays a straw-yellow colour enhanced by vivid greenish reflections. On the nose, its aromatic profile reveals delicate floral notes, harmoniously intertwined with fresh aromas of white-fleshed fruit.

Food pairing

Oysters | Risotto | Appetizer snack | Shrimp Cocktail | Fish - sea bass
