Highland Park - Orkney's Single Malt Whisky 12 y Old - 40% WHISKY —

Domain

Highland Park

The distillery is perched atop high ground on the southern edge of Kirkwall, and stands watch over the town. As well as a collection of ancient stone buildings, the Highland Park Distillery has 23 warehouses, and 2 pagoda-topped kilns. Incidentally, although the warehouses are numbered from 1 to 25, there are actually only 23 of them - one of history's little mysteries. For over 220 years, the distillery has sat stoically through long winters, raging storms and 160 kmh winds. It all makes for more harmonious whisky.

Taste

Clear amber brown color and intens aromas of sweet honey, peat and smoke. Full of malt in the attack and a complex, dry and long finish.

General information

Type: Apero & Digestif
