Belgin

Belgin is the brainchild of three Leuven friends who want to put Belgium on the map as a high-quality spirits country. In addition to the reference to Belgium in the name, their products also always contain a link to high-quality Belgian products.

Vinification

A real work of art created by the perfect harmony of Belgian hops with specially selected botanicals. Very refined and complex, it contains no less than 17 botanicals, based on juniper, fresh Belgian hops, soft coriander and zest of lemon.

Taste

Belgin Fresh Hop has a very soft taste, combining the delicate taste of fresh hops with a subtle hint of citrus. This gin is very suitable for pure drinking, but especially with the Fever Tree Elderflower or Goldberg Indian Tonic. Finish with a zest of citrus and some fresh coriander.
