Millonari Ron Millonario XO Carafe 40° | Peru RHUM —

Domain

Millonari Ron Millonario

The Millonario distillery in northern Peru has been around for just over a century, but only became known since 2008. The distillery uses molasses from sugar cane grown on rich volcanic soil and works with very old Scotch-made distillery columns. The authentic and artisanal rum stands out for its rich and full-bodied flavour. Some bottles are wrapped with the same special Toquilla straw used to make the famous Panama hats.

Vinification

The most mature bottling on the Ron Millonario range, an opulent expression consisting in a refined blend of old vintages aged in oak casks once containing bourbon, and Spanish and French wines. The most luxurious, rich and caressing Ron Millonario, especially dedicated to anyone who wants to indulge in a very special pleasure. A warm and enticing pleasure to be enjoyed slowly, for an evening of relaxation, maybe with a fine cigar.

Taste

Bewitching nose of caramelized tropical and dried fruits, with hints of cigar box, cinnamon and the tempting aromas of a pastry shop. Deep, deliciously sweet, with complex notes of figs and dates, butterscotch and cloves. Elegant, velvety sweetness with notes of dark chocolate.

General information

Type: Aperero & Digestif

Storage (years): > 10
