Röner K32 - Amaro - 32°
EAU-DE-VIE —

Domain

Röner

The Röner family has had a passion for taste for over 75 years. For them, distilling is an art, giving people the chance to discover the infinite variety of fragrances and aromas that are hidden in every drop of their distillates. The family comes from Termeno, the gateway to the Dolomites in Northern Italy, and is situated between sunny orchards and vineyards. Their story began in 1946 and is now being continued by the fourth generation. Through continuous innovation, they are among the most internationally awarded distillers. From classic grappas, to gin, to alcohol-free mixers, Röner caters to every taste palette.

Taste

A new era of Bitter: innovative and young. Many different traditional alpine herbs are elegantly combined in K32 Amaro. From Roner, Italy's most awarded distillery. Produced in Termeno. The artful combination of a variety of herbs results in an innovative Bitter: full but not overpowering bitterness, pleasant sweetness, roundness and captivating aromas. Traditional and typical mountain meadow aromas of chamomile and lemon balm. This is followed by robust notes typical of alpine forests, such as juniper, gentian and the pleasant bitterness of licorice.

General information

Type: Apero & Digestif
