Luigi Francoli - Grappa Porto Cask Finish - 40% GRAPPA —

Domain

Francoli

Originally started by Luigi Guglielmo in 1875, the distillery has been officially owned by the Francoli family in the Piedmont region of northern Italy for five generations. At Francoli, high-quality wine distillates are produced from Piedmont (Alba, Barolo, Moscato d'Asti), but also from other Italian regions, such as Veneto (Prosecco).

Vinification

After an initial passage in French oak barrels, this Grappa completes its maturation in barrels previously used for port production. In this way, the grappa enriches itself with the specific port aromas. This grappa is part of a special series where each variant has been given a different finish.

Taste

Elegant, rich grappa with flavours of sweet, dried fruit, hazelnut and caramel. Flavours that remind us of those of a good vintage port.

General information

Type: Apero & Digestif
