Bowmore – Islay Single Malt Whisky **25 y Old – 43.0%** **WHISKY –**

Domain

Bowmore

Bowmore is a pioneering house and the oldest licensed distillery on Islay; we have been refining our craft for over 240 years, and we still do to this day. 'The Art of Time'® is central to the way we make our whisky. We invest more time than necessary at every stage of our process. We have our own proprietary malt barns, hand-turning our barley. We allow for perfectly timed fermentation periods. And we take our time to hand-select our casks, nosing every single one before it is filled with our new make. This care and attention to detail is what creates the complex balance of not just Smoke, but also rich fruit and sea salt which is so characteristic of our timeless house style. This is the reason why Bowmore ages like no other, the reason why it is the world's most collectible Islay malt today.

Vinification

A whisky to be savoured slowly, every delicious drop of this exquisitely balanced malt has been matured for a quarter of a century in North American bourbon and Spanish sherry casks. Exceptional even by Bowmore's standards, our highly acclaimed Bowmore 25 Year Old exhibits the finest qualities of each.

Taste

Mellow mahogany color. Intense sherry and stewed fruit notes, with a trace of the typical Bowmore smokiness. Complex with delicious toffee and hazelnut aroma's, woven together with just a hint of sweet peat smoke. Mellow, gentle and incredibly complex and long finish.

General information

Type: Aperero & Digestif

Storage (years): > 10

Serving temperature: 18° C
