Röner

The Röner family has had a passion for taste for over 75 years. For them, distilling is an art, giving people the chance to discover the infinite variety of fragrances and aromas that are hidden in every drop of their distillates. The family comes from Termeno, the gateway to the Dolomites in Northern Italy, and is situated between sunny orchards and vineyards. Their story began in 1946 and is now being continued by the fourth generation. Through continuous innovation, they are among the most internationally awarded distillers. From classic grappas, to gin, to alcohol-free mixers, Röner caters to every taste palette.

Vinification

After 75 years of masterful distilling, Roner is venturing into something new: alcohol-free creations of the same exceptional quality. These drinks offer pure enjoyment and delight every connoisseur with their unique flavors. Perfect for those seeking something special, without compromising on elegance and finesse.

Taste

This aperitivo shines with a bright orange-red color and tempts the nose with aromas of bitter orange and clove. On the palate, it is refreshingly bitter with a subtle sweetness, while the finish remains elegant, with delicate notes of bitter herbs.
Perfect as an alcohol-free mixer: combine 1 part with 2 parts sparkling water or non-alcoholic sparkling wine, add ice cubes and an orange wedge for a sparkling aperitif, or mix with freshly squeezed orange juice.
