

Château des Crès Ricards – Stécia | AOP Terrasses du Larzac France (LANGUEDOC) – 2021

Domain

Dom. des Crès Ricards

Domaine des Crès Ricards is a relatively new domain in the 'world of wine'. The domain is 28 hectares and is located in the west 35 km from Montpellier in the heart of the Côte de Languedoc (Terrasses de Larzac). The vineyards are planted 60m above sea level. Syrah, Grenache, Carignan, Merlot, Cabernet Sauvignon, Alicante, Marselan and Chardonnay were cultivated on these terraces with stony ground. This domain always works with low yields (+/- 40hl / ha).

Vinification

The wines are soft, due to the partly cooled fermentation and the use of 'macération carbonique': smooth, juicy, full, fruity, spicy and refined wood. They show a lot of concentration without being too complex.

Taste

Deep red color. Fresh aromas develop in the nose: mint and thyme with a hint of cloves. On the palate, this wine is round and fine with fruity aromas of black currants. With the years, it becomes more rounder and velvety.

Food pairing

Lamb | Lamb - ragout | BBQ | Poultry - braded duck | Steak - grilled

General information

Type: Red wine

Grape varieties: Syrah (65%), Cinsault (25%), Grenache (25%), Carignan (5%)

Viticulture: Traditional

Storage (years): + 5-7

Serving temperature: 16-17 °C
