Domaine Saint Amant - La Borry | Côtes-du-Rhône Viognier France — 2024

Vinification

La Borry comes from small, limited fertile terraces of about 8 hectares, at an altitude that fluctuates between 550 and 660 meters above sea level, facing southeast. The vinification is partly (25%) in cask, partly (75%) in stainless steel, without malolactic fermentation.

Taste

Intense, yellow color. Aromatic wine with impressions of apricots, orange and acacia. Round attack, very delicate. Fruity with a slight hint of apricots and blossoms. Delicate finish.

Food pairing

Sweetbread | Fish in butter sauce | Truffle | Fish - seafood | Pasta - with fish
