Domaine Gerard Fiou - Le Grand Roc | Sancerre | BIO
France (LOIRE) — 2023

Domain

Dom. Gerard Fiou

Domaine Gérard Fiou is a historic domain located in the Sancerre AOP, located in Saint-Satur, a small village. Domaine Gérard Fiou is a private family estate that was founded by the ancestors of Gérard Fiou. Today, the wine estate, 10 hectares in size and with 100% silex substrate, is entirely in the hands of the Bourgeois family.

Vinification

This special cuvée comes from an optimally oriented vineyard with 60-year-old vines. What makes this cuvée special is the upbringing, partly in cement and inox cuves, partly in new oak barrels. The wine matures for 10 months on its yeast, with regular manual intervention.

Taste

This wine has intense aromas of flint and vanilla, with riper notes from the wood ageing. It is harmonious and concentrated. On the palate, the powerful roundness of the wood interacts with the playful vivacity of the Sauvignon Blanc. It is a fresh wine with a rich yet delicate flavour that is ready to be aged.

Food pairing

Fish - turbot | Cheese - goatcheese, Crottin de Chavignol | Lobster - grilled | Crustacea

General information

Type: White wine
Grape varieties: Sauvignon blanc (100%)
Viticulture: Traditional
Storage (years): + 5-7
Serving temperature: 5-7 °C
Taste profile: Mineral acidic
