

Clos Saint Sebastien – Empreintes Blanc | AOP Collioure France (ROUSSILLON) – 2020

Domain

Clos Saint Sebastien

A rather "young" domain, founded in 2007 by 2 passionate wine lovers: Jacques Pirou, a man of character from the shipping industry and Romuald Peronne, the grandson of Roussillon wine growers.

The idyllic domain in Banyuls-sur-Mer was also certified in 2020 with a "Level 3 High Environmental" certificate. They owe this to their long-standing commitment to biodiversity, fertility management and ecological irrigation.

Vinification

The pressing is done with whole bunches. Cold maceration. Vinification at low temperature in stainless steel barrels. Aging: 5 months on fine lees in stainless steel vats.

Taste

This wine has great aromatic finesse with power and complexity, combined with a mix of exotic fruits, yellow fruits and toasted almonds. Full and balanced on the palate with a good length and mineral structure.

General information

Type: White wine

Grape varieties: Grenache Gris (70%), Grenache blanc (15%), Vermentino (15%)

Viticulture: Traditional

Storage (years): + 2-3
