Château Haut Musset | Montagne St. Emilion
France (ST. EMILION) — 2016

Domain

Château Haut Musset

In 1940, the rich history of Corbin, a vineyard estate dating back to the 16th century, became intertwined with that of the Rambeaud family, farmers and winemakers since 1779. Georges and Madeleine, great-grandparents of Jacques Rambeaud and vintners in Saint-Émilion, fell under the spell of this stunning estate, eager for its potential to shine! Since 2005, Jacques Rambeaud has embraced a philosophy of continuous improvement and environmental stewardship in his winemaking approach. In 2010, he expanded the business by acquiring Château Grand Moulin Macquin and a parcel in Saint Georges Saint-Émilion: Clos Albertus. Then, in 2014, he added Château Haut Musset in Montagne Saint-Émilion to the family legacy.
