Domaine de l'Idylle - La Maestria | Arbin Mondeuse France (SAVOIE) — 2022

Domain

Dom. de l'Idylle

This is a family domain, 22 hectares in size. They mainly produce wines from local grapes, Mondeuse, Roussette and Jacquère. Their southeastern slopes consist of clay and limestone gravel, where the grapes find their favorite terroir. They are certified with the High Environmental Value (HVE), which confirms the efforts they have been making since a few years to drastically reduce the supply to the vineyard and the cellar, as well as respect for our soil and biodiversity.

Taste

A deep ruby-colored wine. On the nose, intense aromas of black cherry and blackberry intertwine with spicy and mineral notes, subtly shaped by amphora aging. On the palate, firm tannins and lively acidity create a harmonious balance, supported by a smooth, velvety texture.

Food pairing

Game | Asian dishes | Cheese - aged | Coq - au - vin

General information

Type: Red wine
Grape varieties: Mondeuse (100%)
Viticulture: Sustainable/HVE
Storage (years): + 7-10
