Domaine Joseph Burrier - Le Colombier | Morgon France (BEAUJOLAIS) — 2024

Domain

Domaine Joseph Burrier

Joseph Burrier is the trade name of a family that has been making wine in Fuissé, at the heart of the Mâconnais, since the 15th century. The foundation lies in Château de Beauregard, where generations have crafted top-quality wines from Pouilly-Fuissé and Saint-Véran with care and precision.

It was grandfather Joseph Burrier who, after the war, broadened the family's horizons: he combined tradition with a wider vision and built a network of estates across both Burgundy and Beaujolais.

Today, Frédéric Marc Burrier represents the 17th generation. Under his leadership, the family oversees not only Château de Beauregard but also estates in Beaujolais, with a stronghold in Fleurie, producing wines from Fleurie, Morgon, and Juliénas.
