Conti Thun

Conti Thun is a family-owned boutique winery located in the Valtènesi, near the western shore of Lake Garda. The family's winemaking tradition began in South Tyrol, in Terlano, and has since extended to the gentle hills of the Riviera Gardesana. The winery focuses on producing high-quality wines that reflect the unique characteristics of the region's terroir.

Taste

The Garda DOP olive oil is the result of an elegant blend of Leccino and Casaliva olives. The Leccino olives impart a yellow hue with green hints, a medium fruity taste, and a refined balance of sweet, bitter, and peppery notes. This olive oil is perfect for daily use and serves as the foundation of a healthy Mediterranean diet.
