Camul – Brut | Prosecco di Valdobbiadene DOCG Prosecco Italy (PROSECCO) – 2024

Domain

Camul

The name of this house comes from a small piece of land in Carpesica, where the Tonon family started growing wine at the beginning of the twentieth century. The knowledge was transferred from father to son, whereby passion, attention to the vineyard and a carefully thought out production process are central. The wine estate is located in the northeast of Veneto in the vicinity of Valdobbiadene. This prosecco comes from the Valdobbiadene region in Verona, Italy (this is the best area in Prosecco and therefore has a DOCG status).
