

Monte del Frà – Bardolino Chiaretto | Bardolino Chiaretto DOC Italy (Italië) – 2023

Domain

Az. Monte del Frá

The domain of Monte del Frà is situated in the heart of the Custoza region, east of Lake Garda, 15 km from the center of Verona. It was founded in 1958 by the Eligio brothers and Claudio Bonomo. Today the domain covers around 100 hectares. All vineyards are fully equipped with an irrigation system, so that the vines receive the necessary nutrition every season, which forms a perfect basis for the Monte del Frà wines.

Thanks to the dedication of the Bonomo family and the attention they devote to every step of the production process, the wines became very popular, both in Italy and throughout Europe. Their wines have been selected on the international market as the most representative of the Verona region.
