Monte del Frà – Custoza – 37,5 cl | Custoza DOC Italy (VENETO) – 2023

Domain

Az. Monte del Frà

The domain of Monte del Frà is situated in the heart of the Custoza region, east of Lake Garda, 15 km from the center of Verona. It was founded in 1958 by the Eligio brothers and Claudio Bonomo. Today the domain covers around 100 hectares. All vineyards are fully equipped with an irrigation system, so that the vines receive the necessary nutrition every season, which forms a perfect basis for the Monte del Frà wines.

Thanks to the dedication of the Bonomo family and the attention they devote to every step of the production process, the wines became very popular, both in Italy and throughout Europe. Their wines have been selected on the international market as the most representative of the Verona region.

Vinification

Harvest starts at the beginning of September to the first ten days of October. Soft pressing with a previous period of cold soaking of the grapes to allow maximum aromatic extraction. Slowly fermented in steel tanks at controlled temperature to preserve aromas and quality.

Taste

Straw yellow. Pronounced intensity with floral, aromas of blossom, apricot, peach, green apple and tropical fruits. Dry, elegant, harmonious on the palate. The flavor remains true to the nose. This is a very enjoyable wine. Especially on a summer terrace with friends or as your everyday wine.

Food pairing

Pizza, Appetizer snack, Risotto, Pasta, Aperitif
