

## **Monte del Frà – Lugana | Lugana DOC Italy (VENETO) – 2022**

### **Domain**

#### **Az. Monte del Frà**

The domain of Monte del Frà is situated in the heart of the Custoza region, east of Lake Garda, 15 km from the center of Verona. It was founded in 1958 by the Eligio brothers and Claudio Bonomo. Today the domain covers around 100 hectares. All vineyards are fully equipped with an irrigation system, so that the vines receive the necessary nutrition every season, which forms a perfect basis for the Monte del Frà wines.

Thanks to the dedication of the Bonomo family and the attention they devote to every step of the production process, the wines became very popular, both in Italy and throughout Europe. Their wines have been selected on the international market as the most representative of the Verona region.

### **Vinification**

Produced from vineyards located south of Lake Garda. The harvest takes place during the months of September and October. The grapes then undergo a soft pressing and fermentation in steel tanks at controlled temperature.

### **Taste**

Bright light lemon yellow. Pronounced and intense nose with floral and fruity aromas such as blossom, apricot, peach, mandarin peel and tropical fruit. Dry, very well balanced with pleasant aftertaste. The same aromas of the nose can be found in the mouth, lots of fruit with floral notes and a nice refreshing acidity.

### **Food pairing**

Wine to enjoy on its own, Pizza, Vegetarian dishes, Asian dishes, Fish - seafood, Aperitif
