

Cascina Vengore - Belgardo | Terre Alfieri DOCG Nebbiolo | BIO Italy (PIEMONTE) – 2022

Domain

Cascina Vengore

The domain is located in Northwest Italy, Piemonte, between Asti and Alba. It covers 26 hectares, including 16 hectares of vineyards. The 3 brothers Daniele, Alessio and Luca work the land tirelessly, always respecting biodiversity and following the natural rhythms of time and the seasons. They make the most of all that nature offers them: from the natural water sources that seep into mineral-rich rocks and the woods that offer rest to birds to the bunches of ripe grapes, ready to be transformed into elegant and exquisite wines.

Taste

This wine reveals the characteristic brick-red hue of Nebbiolo in the glass. It offers spicy notes of licorice, cinnamon, and vanilla. Elegant, well-balanced, and with a lingering finish.
