CONTI THUN

Conti Thun is a family-owned boutique winery located in the Valtènesi, near the western shore of Lake Garda. The family's winemaking tradition began in South Tyrol, in Terlano, and has since extended to the gentle hills of the Riviera Gardesana. The winery focuses on producing high-quality wines that reflect the unique characteristics of the region's terroir.

Taste

The bouquet of citrus blossom, grapefruit, Mediterranean herbs and a fine hint of chamomile flowers is intense, refined and complex. The lively freshness combined with a distinctive minerality and savoury flavour create an enveloping and balanced taste experience.
