Mancini - Tenute Quarta - Blanc de Pinot Noir | Marche IGT | Pinot Noir Italy (MARCHE) — 2024

Domain

Fattoria Mancini

Fattoria Mancini, a winery founded in 1861, is located at the northernmost tip of the Marche region in central Italy, on the Adriatic coast. The estate comprises approximately 20 hectares of vineyards within the Monte San Bartolo Nature Park, close to the spectacular high cliffs of Focara, a headland rising steeply above the Adriatic Sea, just a few kilometres from Pesaro. The cool microclimate of this north-facing coastal area, combined with its limestone-rich sandstone soils, enables us to produce wines with excellent ageing potential and a perfect balance of structure, depth, freshness and elegance.

Food pairing

Grilled turbot | Risotto with mushrooms | Lobster - grilled | Pasta - with truffle
