Domain

Josef Dockner

Josef Dockner is a typical Austrian family domain that transmits the love for wine from generation to generation. Kremstal is located on the left and right banks of the Danube near the city of Krems. Kremstal is a small wine-growing region located about 100 km from Vienna in the province of Lower Austria. The vineyards are located at an altitude of 300 to 400 m above sea level. The Gruner Veltliner and Riesling, are the reference grapes for white wines here. The Dockner family is a household name in the Kremstal and owns over 50 hectares of its own vineyards in the Kremstal region. They know how to produce excellent wines with a particularly good price / quality ratio.

Vinification

A high wine quality is achieved through a targeted and extremely strict grape selection, together with a late harvest (early November).
