Weingut Lehner - Riesling vom Schotter | Niederösterreich Austria (WEINVIERTEL) — 2024

Domain

Weingut Lehner - Minkowitsch

The Minkowitsch winery is a traditional family business that has existed since 1875. The sixth generation is now at the helm. A new chapter in their wine history has opened since 2022. The fusion of two wine families: Lehner and Minkowitsch. Lukas Lehner and Agnes Lehner-Minkowitsch brought their families together not only privately, but also professionally. Two independent winegrowers are now working together towards a common future.
They mainly produce fresh, fruity white and smooth red wines on approximately 7 hectares of vineyards. The vineyards are located in the southern Weinviertel, in Velm-Götzendorf and Mannersdorf an der March, northeast of Vienna, on the border with Slovakia. The philosophy of winemaking is the simplest imaginable: own vineyards, own grapes and own wine. The result is varietal wines with balance and harmony.

Taste

Thanks to the relatively late harvest, this Riesling shows ripe notes of peach and apricot. Subtle mineral and floral hints linger in the background, carrying the wine into a crisp, elegant finish. A refreshing Riesling with a delicate touch of sweetness.

Food pairing

Couscous with apricot | Salad - summer salad | Pasta

General information
